Employee Benefit Plan Limits for 2020

Many employee benefits are subject to annual dollar limits that are periodically updated for inflation by the IRS. The following commonly offered employee benefits are subject to these limits:

- High deductible health plans (HDHPs) and health savings accounts (HSAs);
- Health flexible spending accounts (FSAs);
- 401(k) plans; and
- Transportation fringe benefit plans.

The IRS typically announces the dollar limits that will apply for the next calendar year well in advance of the beginning of that year. This gives employers time to update their plan designs and make sure their plan administration will be consistent with the new limits.

This Compliance Overview includes a chart of the inflation-adjusted limits for 2020. Although some of the limits will remain the same, most of the limits increase for 2020.
